§141.0801 Automobile Service Stations

Automobile service stations may be permitted with a Conditional Use Permit decided in accordance with Process Three in the zones indicated with a "C" in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones) subject to the following regulations.

- (a) The following activities may be permitted in automobile service stations:
 - (1) Sale and dispensing of engine fuels and lubricants;
 - (2) Sale and servicing of tires, batteries, automotive accessories and replacement items;
 - (3) Minor automotive maintenance and repair, including all government mandated automobile diagnostic evaluations; and
 - (4) Other incidental customer services and products.
- (b) The following activities may be permitted as *accessory uses* in automobile service stations:
 - (1) Sale of groceries and sundries;
 - (2) Automatic or manual automobile washing, waxing, interior cleaning and detailing services;
 - (3) Sale of liquefied or pressurized butane, propane, or natural gas; and
 - (4) Other *accessory uses* similar in nature to the uses listed in this section.
- (c) The minimum *street frontage* required is as follows:
 - (1) 100 feet on one *street* for a station that engages only in the sale and dispensing of engine fuels and lubricants; and

- (2) 150 feet on one *street* for a station that engages in any two or more activities listed in Section 141.0801(a) and (b).
- (d) The minimum *setback* requirements are as follows:
 - (1) For corner *lots*, the minimum front *setback* and the minimum *street* side *setback* shall be the minimum *setback* required by the zone of the *abutting property*.
 - (2) For interior *lots*, the minimum front *setback* shall be the minimum front *setback* required by the zone of the abutting properties. If the required front *setbacks* of the abutting properties differ, the service station is required to provide the greater *setback*.
 - (3) The minimum side *setback* and the minimum rear *setback* are as required by the applicable zone, except that if the *lot* abuts residentially zoned property, the minimum side or rear *setback* along the common *property line* is 15 feet or as required by the zone, whichever is greater.
- (e) Driveways shall be in compliance with Chapter 14, Article 2, Division 5 (Parking Regulations) except as provided in the following regulations.
 - (1) One driveway up to 35 feet wide may be permitted on each *street frontage* if it is the only driveway on that *street frontage* and the adjacent *street* has four or more lanes and is classified as a collector *street*, a major *street*, or a primary arterial. In all other cases driveways shall be no more than 30 feet wide.
 - (2) No more than two driveways are permitted for any *street* or *alley* frontage.
 - (3) Corner *lots* with an area of 20,000 square feet or less shall have no more than three driveways per *lot*.
 - (4) No more than one driveway is permitted on any frontage of 100 feet or less.
 - (5) Driveways shall be at least 30 feet apart.
 - (6) On corner *lots*, driveways shall be located at least 20 feet from the end of the curb radius.

- (7) No driveway should be located closer than 15 feet to an *abutting property line*.
- (f) Devices to alert station attendants to entering vehicles shall be located and adjusted so that they do not cause noise disturbance to adjoining properties.
- (g) Stations abutting residentially zoned property shall operate only between the hours of 6:00 a.m. and 12:00 midnight. *Signs* on sites abutting residentially zoned property may be lighted only between the hours of 6:00 a.m. and 12:00 midnight.
- (h) Merchandise, material, and products for sale shall be stored and displayed only within an enclosed building, except that motor oil, tires, batteries, and other automotive supplies may be displayed at pump islands or adjacent to a building if the display or storage racks and containers are designed to appear as an integral part of the pump island or building exterior.
- (i) When a service station is abandoned or the use changed, the property owner shall remove the underground tanks in accordance with the procedures of the City of San Diego Fire Department and the County of San Diego Health Services Department.

§141.0802 Outdoor Storage and Display of New, Unregistered Motor Vehicles as a Primary Use

This use may be permitted with a Conditional Use Permit decided in accordance with Process Three in the zones indicated with a "C" in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones) subject to the following regulations.

- (a) Automobile access to the facility shall be at points of low pedestrian activity and shall be located away from any adjacent residential *development*.
- (b) The facility shall be *screened* from adjacent residential *development* by *fences* or walls and landscaping.
- (c) Measures shall be taken to ensure that the ground water table is not adversely affected by the increase of impermeable surfaces due to the *development* of the facility.

- (d) Measures shall be taken to ensure that the water quality is not adversely affected by runoff containing fuel and lubricants or other pollutants.
